2019 – Up-Date #2 - The (2014) EGL Diamond Grading Report Scam & Scandal
The Fraud that keeps Defrauding, Even Decades Later
The Jewelry Appraiser's & Insurance Industry Edition

This part falls entirely on the shoulders of the So-Called Schlock Jewelry Appraiser with ZERO Credentials and also the Professionally Fully Credentialed Jewelry Appraiser, The Jewelry Appraising Industry and also the Insurance Industry as a whole.

All of these Bogus, Fraudulent Diamond Grading Reports live on for all eternity.

All of those Diamonds with accompanying EGL Fraudulent and Misleading Diamond Grades are set into jewelry and that jewelry has to be Re-Appraised and Re-Evaluated and Most Importantly Re-Valuated and then Insured against loss or damage by the Insurance Industry.

This means, "The DIRTY LITTLE SECRET" HAS TO BE REVEALED TO THE CUSTOMER / CLIENT ! ! ! !

The appraiser MUST TELL THEIR CLIENT, "THE BAD NEWS" ! ! ! !

To hide it and gloss over it, as no big deal, is Totally and Completely Immoral, Un-Ethical and Totally Un-Professional.

It can and will get you sued very quickly.

Think about it, long and hard and you also better get some REAL LEGAL BUSINESS ADVICE before you just parrot the Old Fraudulent EGL Reports and value it as if it was a GIA Graded Diamond which, more than likely was done in the first place, when it was first sold by the jewelry store.

The jewelry appraiser, be it a Schlock or a Professionally Credentialed Appraiser needs to have a long hard "heart to heart: talk with the jewelry store owners and managers who originally sold it as being equal to a GIA Graded Diamond and Priced and Valued on the Old Original Appraisal, as such.

The jewelry store owners and managers are going to have to make a choice as to how they will handle this issue, because it's not going away.

This CAN NOT be ignored, glossed over or swept under the carpet hoping the consumer doesn't find out.

EVERYONE IS GOING TO HAVE TO COME CLEAN, SOONER OR LATER

You can come clean or You can Perpetuate the Fraud and just keep on lying

YOU SIGN Your Name on the Appraisal and YOU OWN IT, for better or worse! ! ! !

If the Jewelry Appraisal has the Jewelry Store's Name on it, THEY OWN IT TOO! ! ! !

Some jewelry appraisers are going to lose Jewelry Store Accounts over this.

Some jewelry appraisers might even lose their job if they are working for a store that did this and the Owner and Manager wants to keep this under-wraps and continue to lie through their teeth.

As you can see this Nightmare is far from over and it will continue for decades to come

You ONLY have Two (2) Choices;

A: be Totally Honest and Ethical

B: or you can be Dis-Honest, Deceptive, and Professionally Un-Ethical.

CHOOSE WISELY

and for all of those Schlock Appraisers with ZERO Credentials

Now is the time to get trained and educated and get fully credentialed

Just say'in
